MISSION

To mould worthy future-ready individuals with tech-friendly processes and practices through a uniquely programmed integrated curriculum of CBSE Board, to be successful in a dynamic, multi-faceted and changing global environment. Our mission aims to surpass success and epitomize brilliance in education to meet global standards.

DIRECTOR'S MESSAGE

I believe that a strong foundation in academics will empower the learner to develop and transfer learning skills to all the areas for holistic development. The talent and the energy which our students possess need to be nurtured, shaped and channeled in the right direction in a well planned way. I am committed to provide a platform or rather a bridge through which the aspirants can walk to their destinations. Education is a passport to the future, for tomorrow belongs to those who prepare for it today. The Sanskriti School offers an idyllic amalgamation of classroom syllabi and its further enhancement for competitive exams by experts. To refine the skills & individual competencies, we provide specialized sports, dance, music & art classes. A blend of the latest technologies, pioneering research and creative thought, stitched into a value based social fabric, will mould our students to be winners in a futuristic challenging world.

Reflections from the Principal's Desk

Aristotle once said, "Educating the mind without educating the heart is no education at all." As we impart education to match the advancement in technology and globalisation, we march our students ahead with an ethos of moral values. We take pride in ourselves for being able to help the students grow and develop as sensitive and responsible citizens of the future. Fortunately, we have a committed and supportive management, dedicated teachers as well as caring and co-operative parents blending harmoniously to create a child centric learning abode here at TSS. With warm wishes and God's blessings, I would like to express my deep gratitude to all of them.

Mr. Gaurav Kumar
Principal

Academic Program/ PPRT Section

The well-designed philosophy focuses on the holistic development of the child. Our curriculum encourages a child to be flexible, and experiential activities help our children to learn by doing. It covers core subjects like Mathematics, General Awareness, English, and Hindi, developing essential skills in :

Academic Program/ Junior Section

The Sanskriti School Bhopal strives to be a place where children can become the best version of themselves. TSS Bhopal follows the framework of NCERT and guidelines of National Curriculum framework as well as NEP 2020. Our scholastic record, innovative learning methods and strong commitment to deliver quality education through integrity help us scale new heights that only a few have managed in the field of education.

**“ Experience guides, Activities mould,
Curriculum shapes a personality to behold.**

“Creating *Mindful* individuals...”

Academic Program/ Senior Section

Our team has developed the finest study material which has been updated from time to time to cater to different Competitive, School and Board exams for classes VI to XII. A multi exercise booklet, designed according to the syllabus of NSO, Silver Zone, Board level, IIT-JEE and various other competitive exams, contains different types of conceptual, tricky and brain storming questions covering all the possible problems of the topics which may be asked in the forthcoming examinations.

“We don't *strive* to be better than *others*;
We *strive* to be better than *our best*.”

“Fostering *talent* and
igniting *passion*...

Extra-Curricular and Co-Curricular Program

Growth beyond academic pursuit is a huge part of life at TSS. To encourage this, we have a wide range of Extra-Curricular Activities (ECA) and Co-Curricular Activities (CCA). These activities give students a much-deserved break from the monotony and labyrinth of academics. Specialised coaches provide their services to train the students in the activities. It is the space where all the children can enjoy the true world of learning.

WORK CULTURE

The Sanskriti School is committed to the professional development of faculty as it recognizes the fact that teachers are the most valuable asset of the school community.

We believe in providing our staff members a productive, collaborative and conducive environment for each of them to perform at the optimum level. Teachers are encouraged to have interdisciplinary thought process to actively make connections between subjects and to transfer and develop skills in application to new contexts and situations.

To share with and learn from each other, we have in place the Teaching Learning Communities. This provides the space to foster collaboration, supporting every individual teacher in his/her professional development so as to bring about a high level of proficiency.

Our open-door policy, transparency, collaborative spirit, sensitivity and appreciation for each other has fostered a sense of belonging and well-being that is unique to our school.

And we believe that this camaraderie serves as rocket fuel for TSS!
